

Getting Started

Getting started with SEMS

Welcome to SEMS! Learn how to utilise SEMS to join and manage student events effectively.

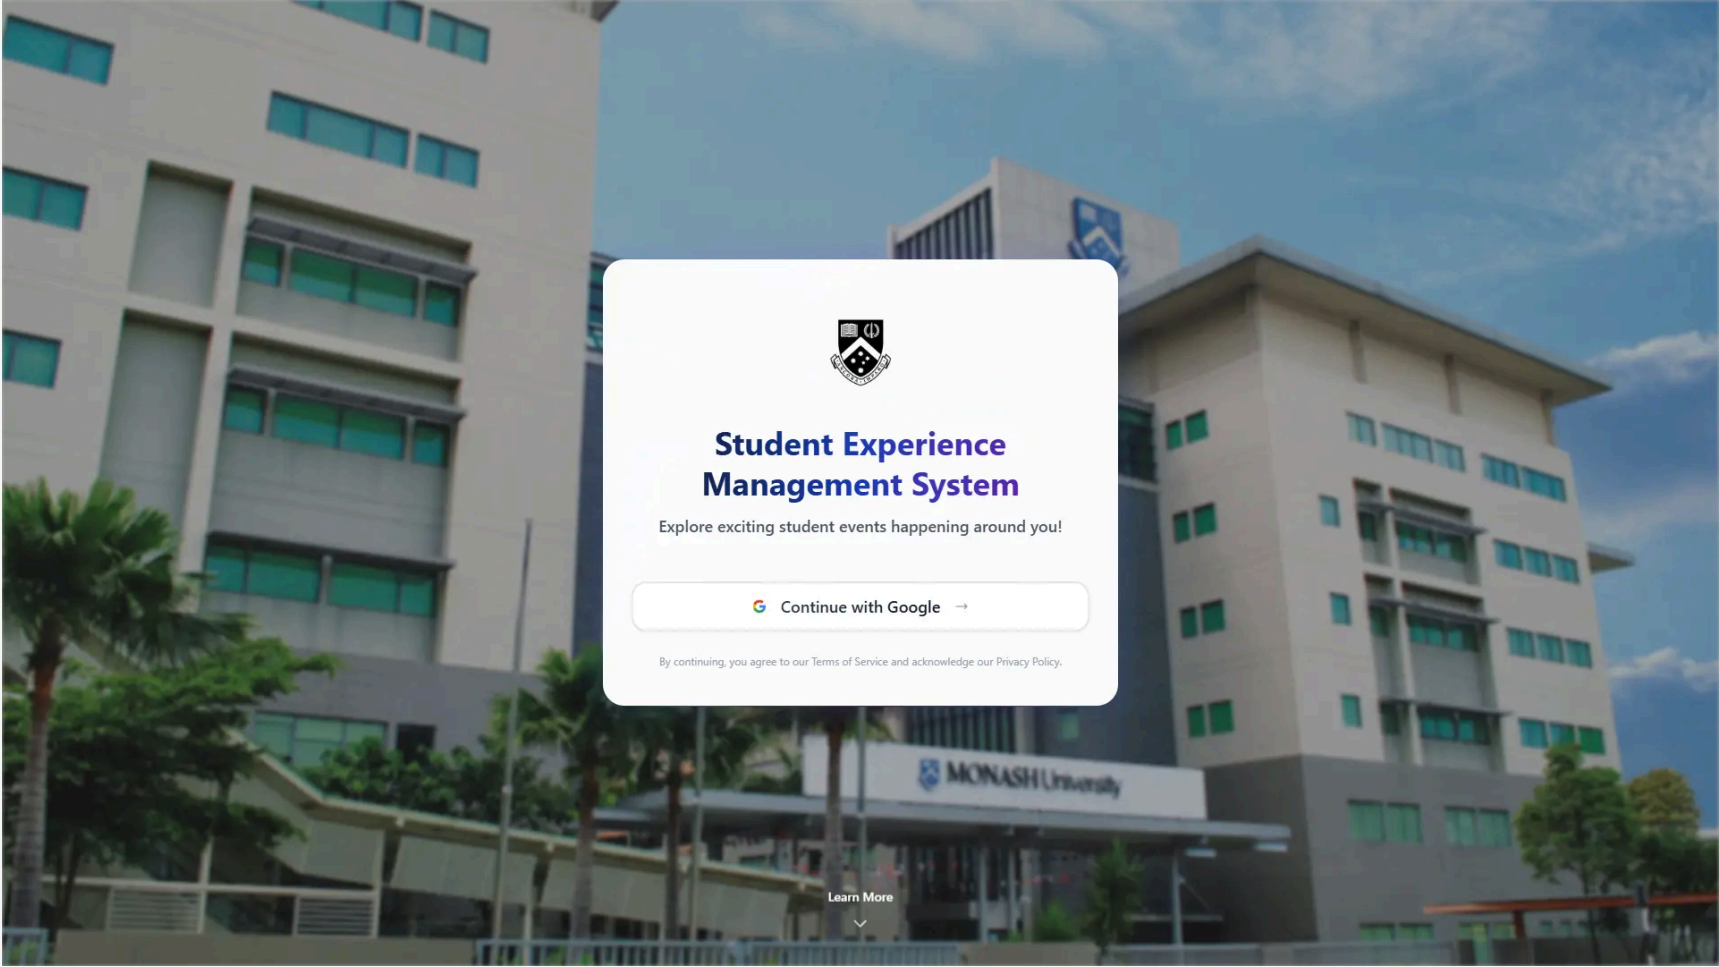

What is SEMS?

SEMS (Student Event Management System) is a platform that allows students to join and participate in various events organised by numerous organisers. It provides an easy-to-use interface for browsing events, registering, and managing your participation.

How do I get started?

Follow the steps below to get started with SEMS.

- 1
- Visit the SEMS Platform**
Navigate to the [SEMS Platform](#).

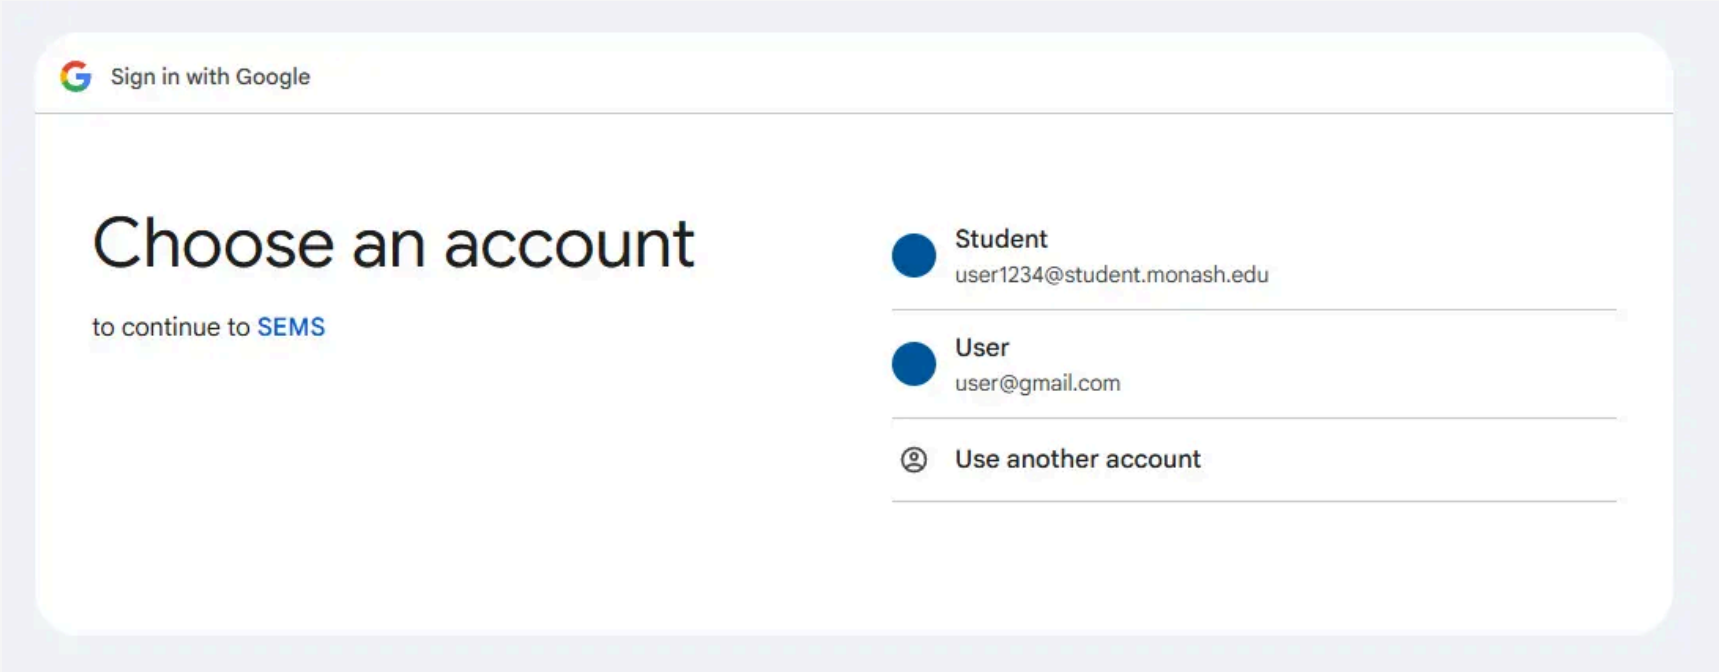

Create an Account

Click the "Continue with Google" button to sign up using your Google account.

i Monash Students & Staff

Monash students and staff should use their Monash Google account to register for SEMS.

3

Complete your Profile

Fill in all required fields in your profile to ensure you can fully participate in events. Next, click "Complete Registration" to finish setting up your account.

Made a Mistake?

If you made a mistake during registration, you can edit your profile information later.

4

All Done!

Once your account is set up, you can start exploring available events. Browse through the event listings and find events that interest you.
