

Creating an Event

Learn how to create an event on the SEMS Platform

As an organiser, creating an event on SEMS is a simple process. Follow the steps below to successfully create and publish an event.

Prerequisites

You must be an organisation owner or leader to create events on SEMS.
Ensure you have the necessary permissions before proceeding.

1

Navigate to the SEMS Event Creation Page

Go to the SEMS Event Creation Page via the Event Management Page under the Organisers tab in the navigation menu.

EMS Form

By submitting this form, you are acknowledging that your event plan is final and no changes can be made to said plan. The details submitted along the form will be used to submit the event details to the school. Please ensure there is a minimum of FOURTEEN (14) days between the submission day (every Tuesday/Friday of the week) to the event day itself. NOTE: Ensure that you have submitted the SARAH Risk Assessment and have completed the venue booking BEFORE you submit this form.

Open EMS Form

Note: EMS Form submission is only required when submitting for final approval, not for saving drafts.

☒ Please make sure to tick here after submitting the EMS Form (required for final submission only).

Save as Draft

Submit for Approval

Drafts can be edited later. Submitted events require admin approval.

4

Event Successfully Created

After submission, you will see a confirmation message indicating that your event has been successfully created and is pending approval under the event management page.
