

Managing Your Profile

Learn how to manage your profile on the SEMS Platform

Your profile on the SEMS Platform contains important information that helps organisers manage your participation in events. Keeping your profile up-to-date ensures a smooth experience when joining and attending events.

Accessing Your Profile

To access your profile, click on your avatar or initials located at the top-right corner of the SEMS Platform, then select "Profile" from the dropdown menu.

Editing Your Profile

To edit your profile information, update the necessary fields and click "Request Update" to save your changes. Note that some fields may require verification by a SEMS administrator before the changes take effect.

Profile

Manage your personal information and academic details.
