

Join an Event

Learn how to join an event on the SEMS Platform

As a student, joining an event on SEMS is a straightforward process. Follow the steps below to successfully register for an event.

1 Navigate to the SEMS Event Page

Navigate to the SEMS Event Page via the navigation menu.

2 Find an Event

Browse the event listings on the SEMS Platform to find an event that interests you. A calendar view is also available to see events scheduled on specific dates. Alternatively, use the filters above to look for specific events

by name or keyword.

3 Register for the Event

Click the "Register" button on the event page to begin the registration process.
Alternatively, click on "View Event Page" to see more details about the event before registering.

i Additional Requirements

Some events may have additional requirements such as forms or codes that need to be submitted during registration. Be sure to fill these out as required by the organiser.

Robotics Challenge 2025

Add to Calendar
